

Contributing Partner

Contributing Partners play a critical role in the healthcare ecosystem. Partners participate at the table with healthcare leaders, contribute data to event materials, and are featured in listings as supporting hosts throughout event communications. We include up to three sponsors for each event. If interested in exclusivity, customization, or more information contact rachel@springstreet.exchange. Upcoming Palooza dates are listed on the [website](#).

Partnership Levels and Benefits

All Partners

No matter what level of support you choose there are exclusive benefits to joining as a contributing partner. Instead of vendor booths, contributing partners participate at the roundtable as peers:

Engaging with healthcare leaders on their goals and plans for the future

Hearing firsthand challenges and limitations

Developing peer relationships with healthcare leaders

Gaining access to SSX proprietary methodology and content that can support your own company's planning

Spruce Level

\$5000

Company visibility: Company name and logo included in event communications, website, and printed materials.

Data Contributions: Your company can contribute **one to two pages** of relevant insight in the DataPack. When this content is reviewed during the session, your representatives can speak to it.

Attendance: One representative of your firm attends the event and participates in the roundtable as a peer and thought leader.

Event debrief: If desired post-event discussion with SSX facilitators to discuss the event outcomes and implications

Sequoia Level

\$10,000

Company visibility: Company name and logo included in event communications, website, and printed materials.

Data Contributions: Your company can contribute **up to four pages** of relevant insight in the DataPack. When this content is reviewed during the session, your representatives can speak to it.

Attendance: Two representatives of your firm attends the event and participates in the roundtable as a peer and thought leader.

Event participation: One of your firm representatives can highlight the services of your firm as part of the event agenda.

Event debrief: If desired post-event discussion with SSX facilitators to discuss the event outcomes and implications
